 the **environmental printing company**  
305A Railway Parade Maylands WA 6051

we are proud members of 1% percent for the planet,  
meaning that with every shirt sold a percentage  
goes to non-profit local environmental organizations

# techie stuff\*

## our fabric

### teeshirts, happy daks & bibs

the thread count is super high...210-220 gsm...which means the shirts are a tiny bit thicker, a heap softer and wash up really well. combined with the fact that we use organic cotton, the shirts actually get a bit thicker and softer when they wash.

the fabric is an interlock knit...soft stuff...and our stitching is of very high quality

our fabric is pre-shrunk using organic methods (hot water, no chems!!), so our shirts only have 4-5% shrinkage, which means they can be thrown into a cold wash washing machine no probs.

our cotton has control union certification for organically grown cotton!

### organic denim jeans

the denim has control union certification for organically grown cotton....it is dyed using natural indigo and the button and zip are chrome and nickel free (no scratchy spots).

### bamboodies

the hoodie is made from silky soft bamboo. it has been pre-shrunk and can be thrown into the cold wash.

it is u.v reflective, anti-bacterial, hypoallergenic and has superior breathability.

it is packaged in a little pizza box made from 100% post consumer waste which has been printed using vegetable dyes

## and the process

our manufacture production meets standards for processing using organic methods and fairly trading and holds gots certification.

our dyeing processes are eco friendly, using low impact, azo free and heavy metal free dyeing.

we have popped a sizing heat transfer at the neckline to avoid irritation, and makes it really easy to see sizes

## what else....

each tee comes with a box shaped (great for displays!) hessian (very green) eco bag. it has a little pocket inside for eco kids stuff.

our on going blog gives easy directions on growing your own food as well as little stories about each shirt and eco tips

# eco peko teeshirts

our teeshirts are made from high thread count, certified organic cotton. (which means they are super soft and great for babies skin) these interlock knit shirts have high quality stitching, gots certification for organic & fair manufacturing and are dyed and printed using environmentally friendly dyes and inks.

all tee's come in a box shaped hessian bag. it will get your little greenie a great head start to a sustainable lifestyle - what a great gift!

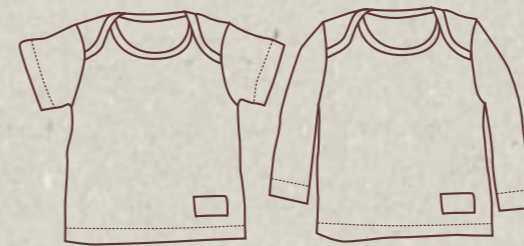

this is frankie and carson. they are eco kids and the best of friends.... they love to tend to their plants. frankie is especially fond of it.

they are looking for their friend inca....hmmmm not here

 eco angel (frnt & bck) - available in natural or chocolate

sizes: 1 year, 2 years

he he.....this game of hide and seek is fun...

little spot of gardening before they find me.....is that them coming?....

### No-Dig Garden Beds

A really effective way of ensuring that your soil is nutrient rich and chemical free is to make a no-dig garden. You can put them anywhere and are great for any size space.

For raised beds you need a large amount of organic matter so collect as much leaf litter, twigs, and even newspaper etc for the lower levels. Now add a layers are manures, straws and composts. You will have to wait awhile before you can plant the bed.

## the amazing bamboodie\*

they are made from bamboo fibre! they are light enough to wear in summer and great for layering in winter. they have a really high uv rating and are antibacterial, making them a great coverall for the beach. they are hypoallergenic and breathe really well, making them perfect for that first layer in winter. they are super long, so they cover lots and will last bub a few sizes.

styles: starfish - available in natural or turquoise  
seashell - available in natural or turquoise

sizes: 0-3 months, 3-6 months, 6-12 months, 1 year & 2 years

the bamboodie box is made from 100% recycled card

what's taking them so long....i think i may go and find them

they love this wall, maybe they're around here...what's that...

## eco peko bottoms\*

the classic cut jeans suit both boys and girls and are made from control union certified organic cotton. they are dyed using natural indigo and the button and zipper are chrome and nickel free.

our happy daks are a super soft organic cotton and are 3/4 length. great for rolling up as shorts, rolling down and covering bubs knees when they crawl and have an extra panel in the middle for lots of room . they go perfectly with our tees and bamboodies.

styles: organic denim jeans - available in natural indigo

sizes: 0-3 months, 3-6 months, 6-12 months, 1 year & 2 years

styles: happy daks - available in natural & chocolate

sizes: 0-3 months, 3-6 months, 6-12 months, 1 year & 2 years

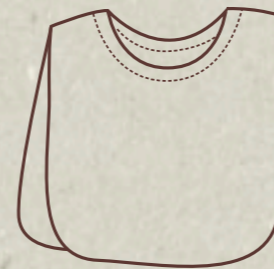

ew, not sure what that was!  
not here either.

....i'll just keep looking. to be continued.....

## eco peko bibs\*

our bibs are double layered interlock knit (really good absorption and very soft) and are long enough to double as a burp cloth and look a bit like a vest when on. they have

styles: eco angel (butterfly wings) available in natural & chocolate  
eco hero (bees wings) available in natural & chocolate

sizes: one size fits all

### magical garden Vegetable soup recipe

- |                  |   |
|------------------|---|
| 6 sweet potatoes | 1 butternut squash                      |
| 6 white potatoes | 3 cups chicken, vegetable or beef stock |
| 3 parsnips       | 1/2 tsp. ground cinnamon                |
| 3 onions         | 1/2 tsp. ground nutmeg                  |
| 9 carrots        | 1/2 tsp. ground ginger                  |

Chop and peel all vegetables.  
Add veges and stock to soup pot. Bring to a boil, reduce heat, and simmer for 50-60 minutes, or until vegetables are soft. Purée with hand blender or in blender in batches. Stir in spices before serving

# eco peko...the story...

my journey with eco peko started when my family and i wanted to make a tree change and moved to the perth hills.

we wanted to move to somewhere, where we had a little piece of land to breathe, relax, grow veggies and have fresh eggs every day from our lovely chooks.

after living in roleystone for a few months, i started a stall at the country markets, selling teeshirts that i had screen printed (with baby loli in a cot at the back of the stall..great sales assistant!). after a few markets, i realized that i wanted to use organic cotton for my shirts and eco peko was born.

as a mum of two little eco angels, i was inspired to create a clothes line that was both environmentally friendly, would suit both boys and girls (and could be passed on through friends and family), was soft, but durable. as i like to say.....they may be too young to chain themselves to old growth trees or join the fight to save the whales...but the bubs in your life can take up the greenie cause by kitting themselves out in eco peko.
